Profile

I am An IOS Developer, with 6 moths of experience.

I started my IOS development role at IACD from September

2022 – February 2023, I also have skills in C++, SQL , PLSQL, swift

And other scripting languages like Python. I like to call my self

As a quick witted person as I like to manoeuvre solving much

Of technical issues within the global community . I like to work

In a team as I have good communication skills and a good

Personality. I am a goal driven young man who's looking to

Empower and impact the youth of this generation with a bit

Of technology and the coding environment.

Experience

IOS Development At IACD

2019-2023 Diploma in information Technolog at

Tshwane University Of Technology
